DOSSIER FILE: FIND ORECK!

CASE OFFICER(S): JAMIE ECKMAN FEDERAL BUREAU OF INVESTIGATION

Dyson Oreck has been sucking up to someone, and we need to know who. Unfortunately, he's gone to ground; probably in a small town somewhere. If you can get us as close as a street name we'll nab him and find out who he's been working for.

Once you're close, keep in mind that he's not a complete idiot. He won't be living in the obvious place, but he'll probably be nearby. Try one street over. (He's still *mostly* an idiot.)

We believe the following template will help you make sense of the evidence he left behind.
